HANGING HEAT LAMP

TKEA-BFL44

STANDARD FEATURES

Brushed aluminum finish

- 250 W radiant holding maintains serving temperature at the pass without over-cooking—ideal for plating lines and carveries.
- Adjustable drop 600–1500 mm lets you set the heat exactly where you need it and adapt to different ceiling heights or pass layouts.
- Ø250 mm deep-drawn metal shade focuses heat onto the plating zone for efficient warming and reduced energy drift to the surroundings.
- Front-of-house ready finishes (brass, aluminium, black metal) with smooth, easy-clean surfaces and robust construction for daily commercial use; accepts standard 250 W heat-lamp bulbs.

PRODUCT SPECIFICATIONS

Dimensions	25 cm diameter, 60-150 cm height
Power	250 W
Finish	Brushed aluminum
