

SWING WASH BASIN MIXER TAP

TKEA-HY3387

OVERVIEW

Swing-arm wash basin mixer tap in chrome-plated brass, designed for commercial sink installations. The swing arm allows flexible positioning over the sink basin.

KEY FEATURES

- ✓ Chrome-plated brass construction for durability.
- ✓ Mechanical mixer operation.
- ✓ Swing-arm spout for flexible positioning.
- ✓ Single-hole deck mount.

STANDARDS & COMPLIANCE

- ✓ Suitable for commercial and professional installations.

Notes: Tap only; sink and plumbing sold separately.
