GAS GRIDDLE 40 CM

ISM-GG40

STANDARD FEATURES

Manual control · smooth steel plate · LPG

- A smooth polished steel plate across the whole 40 cm top for burgers, eggs, pancakes, vegetables and sandwiches.
- One 30,000 BTU/h (8.8 kW) burner on LPG with a pilot and a manual gas valve: simple controls, nothing to program.
- Splash guards on the back and both sides keep grease on the plate, and a grease trough runs along the front edge.
- Same 40 × 56 cm footprint as the ISM-GCB40 gas char grill, so a griddle and a char grill line up side by side on one bench.
- Brushed stainless-steel body for a restaurant line, a burger station or a snack counter.
