HIGH-SPEED SPICE GRINDER

ISM-SG3000

STANDARD FEATURES

3000 g per batch · swing type

- Grinds 3000 g of dry spices, grains, coffee, herbs or pulses per batch, from coarse to fine powder at 30–300 mesh, in about a minute.
- A 3000 W motor drives the stainless blades at up to 36 000 rpm, so peppercorns, cumin, cinnamon and dried chillies grind without being cracked first.
- Swing design: the chamber tilts on its frame to pour the powder straight into a tray or bag, and the lid seals with two side clamps and a gasket.
- A 0–5 minute timer sets each batch, and overload protection with a reset button guards the motor. Run up to 5 minutes, then let it rest 5 to 10 minutes.
- Stainless-steel chamber, lid and blades on a cast base: the grinder for spice shops, roasteries, bakeries and kitchens that blend their own mixes.

PRODUCT SPECIFICATIONS

Capacity	3000 g per batch
Fineness	30 – 300 mesh
Motor speed	Up to 36 000 rpm
Timer	0 – 5 min
Power	3000 W
Energy source	220 V / 50 Hz, single phase
