VEGETABLE SPIN DRYER

ISM-VSD

STANDARD FEATURES

Centrifugal · stainless steel · 550 W

- Spins the washing water out of lettuce, salad leaves, herbs, cut vegetables and fruit, so they stay crisp and dressings cling instead of running off.
- A perforated stainless-steel basket turns inside a stainless-steel drum, and the water leaves through the drain outlet at the bottom.
- A hinged domed lid with a clear window shows the load while it spins.
- A square stainless-steel base on adjustable feet keeps the machine level and steady on the kitchen floor.
- A 550 W motor on a standard 220 V / 50 Hz socket, for the vegetable prep area of restaurants, hotels and central kitchens.

PRODUCT SPECIFICATIONS

Type	Centrifugal spin dryer
Basket	Perforated stainless steel
Lid	Hinged, viewing window
Drain	Outlet at drum base
Power	550 W
Energy source	220 V / 50 Hz, single phase
