

COUNTER TYPE SOFT SERVE MACHINE

TKIS-CSS3F

STANDARD FEATURES

Counter model, 3 dispensers

- ✓ Designed for countertop installation, the TKIS-CSS3F delivers two single flavours plus one mixed option in a compact footprint, making it ideal for cafés, dessert shops, kiosks, and limited-space service counters.
- ✓ With a production capacity of 18–25 L/hour, the machine provides stable and reliable soft-serve output suitable for medium-volume professional environments.
- ✓ Separate cooling systems ensure efficient freezing performance while maintaining proper mix storage conditions, supporting consistent product quality throughout service.
- ✓ The stainless steel body ensures durability, easy cleaning, and a professional appearance suited for front-of-house installation.
